

Technical Consultants Wanted!

We are currently looking for Technical Consultants with experience in the UK Public Sector to join our growing Management and Technical Consultancy.

If you have experience of at least two of the following, then we would like to hear from you:

- **Working within the UK Public Sector, in areas such as: Local and/or Central Government, Emergency Services, Law Enforcement, Justice, Transportation, Health Care.**
- **Business or systems analysis methods and tools (e.g. BPMN, Lean, RUP, UML, TOGAF).**
- **Business case development to Treasury guidelines.**
- **Project and Programme Management methods (e.g. MSP, Agile, PRINCE2).**
- **ICT Enterprise and Technical Architecture development and review.**

Forward your CV, along with a brief covering letter, to recruit@actica.co.uk to find out more.

Direct applications only please.
